PERSONAL PROFILE

Fresh graduate who is passionate about software engineering and experienced in Flutter development. I strive to deepen my expertise through continuous learning and actively exploring different areas within the field to identify and cultivate my true interests. Ready for the opportunity that will make me able to apply my programming skills and tend to learn more in different fields to develop my skills.

EDUCATION

Bachelor's in Computer Science

Faculty of Computers and Artificial Intelligence – Cairo University | October 2022 – July 2026

EXPERIENCE

AI Trainer

Outlier, San Francisco (Remote) | February 2025 – August 2025

- Generating Coding and Math prompts that would cause the model to fail
- Evaluating AI models responses according to certain criteria depending on the project

Flutter Developer Intern

NichePharma, Cairo (Remote) | September 2024 – October 2024

- Collaborated in the development of TacitApp Pro and TacitApp Time Off
- Learned Android and IOS deployment
- Gained hands-on experience on Flutter real world projects and Github

Data Analysis Intern

EFG Holding, Cairo | August 2024

- Learned about Data Analysis basics
- Gained Experience on Power BI, Data Cleansing and Data Modeling

Software Engineering Intern

Raya IT, Cairo | July 2024 – August 2024

- Learned about RPA and how to deal with UiPath and Orchestrator.
- Developed Dispatcher and Performer processes and linked between them using queues

SKILLS

Technical Skills: Dart, Flutter, C#, LINQ, Entity Framework Core, ASP.Net Core, ASP.Net MVC, ASP.Net Web API, REST API, C++, HTML, CSS, Javascript, Java, OOP, SOLID Principles, Data Structures, Design Patterns, Problem Solving, SQL Server, RPA, Power BI, DAX

Soft Skills: Proficient in English, Teamwork, Communication Skills

COURSES & CERTIFICATIONS

- **Flutter Payment Integration: Stripe, PayPal & More**
Udemy | August 2025
- **Back-end ASP.Net Course**
Route Academy | October 2024 – May 2025
- **Deep Dive into Clean Architecture in Flutter**
Udemy | August 2024
- **Flutter Advanced Course Bloc and MVVM Pattern**
Udemy | June 2024 – July 2024
- **Mobile Application Development Internship**
CodeAlpha | June 2024 – July 2024
- **Flutter Diploma**
AMIT Learning | July 2023 – December 2023

EXTRACURRICULAR ACTIVITIES

Mobile Craft Member

SCCI, Cairo University | October 2024 – July 2025

- Collaborating in the development of student activity's mobile application
- Helping mobile application development students to understand flutter and its technologies

Tech-Solve Participant

SCCI, Cairo University | December 2023 - May 2024

- Learned about Arduino and how to connect hardware with software.
- Worked on projects assigned by communities' heads and utilized Arduino components to achieve our project goals
- Improved my team working and communication skills.

PROJECTS

Orders Management System

- Tools: C# and ASP.Net Core
- Description: An ASP.NET Core Web API, built with Onion Architecture, for managing customers, orders, products, and invoices. It features tiered discounts, stock validation, multiple payment methods, JWT authentication, and role-based access control, providing a secure and scalable foundation for order management.

Movie App

- Tools: Dart and Flutter
- Description: Mobile application that displays popular and now playing movies, view movie details and search for movies. Used BLoC for State Management, Flutter Splash Screen for splash screen of the application and Flutter Offline that shows a widget when there is no wi-fi connected.
